

TECHNOLOGY INTEGRATION WITH MRS. SNYDER

HELLO!

I am Melinda Snyder, our School Based Technology Specialist (SBTS)

I service grades K, & 2-6 every other week and grade 1 every week.

You can contact me at
mjsnyder@fcps.edu

ABOUT ME

- Taught 1st, 2nd, and 5th grade.
- Dabbled in the corporate world as an eLearning Analyst and Instructional Designer
- SBTS since 2007
- MA in Instructional Technology Leadership from GWU
- Proud wife of a Navy Captain
- Mom of two

1

WHAT I TEACH

- Lessons are ½ an hour
- Digital Citizenship (Common Sense Media)
- Google Suite and other applications integrated through content areas
- Basic computer skills for younger students

2

ARE ASSIGNMENTS GRADED?

Technology Integration class is not graded. Students will learn how to stay safe online, be responsible citizens, and use technology in a positive and efficient manner. We also focus on Portrait of a Graduate Skills.

3

WHAT ABOUT SCHOLOGY?

In an effort to provide materials quickly to the students, I will post some materials in our Student All Course in the Technology Integration folder. Asynchronous activities are also posted in the Hayfield Student All Schoology course.

“The technology you use impresses no one. The experience you create with it is everything.” —Sean Gerety

I teach balance to all of my students. Technology allows us to do so many creative things but it's also important to realize too much of one thing is not always the best. Screen time should always be balanced with real life time.
